# ***COMPANY / PRODUCT HISTORY***

**We are buyer and supplier of scraps, recycled and re-usable ferrous & non-ferrous metals. A trusted partner to a range of companies across the recycling industry, construction contracting, processors, refineries, smelters to manufacturers. We handle all major categories of scrap and recycled non-ferrous metals including Aluminum, Copper, Steel, Lead, Nickel, Zinc & Brass with substantial interest in other non-ferrous metals.**

**Our extensive experience ensures that we provide customized and simplified solutions while meeting each customer's specific requirements that enables us to serve a wide range of businesses and industries.**

**We have managed to carve a niche for ourselves in the market within a short span of time with our professionalism and reliability. The companies today have an extensive trading network with our own yards based in Dubai, Sharjah and Abu Dhabi. All metals waste is purchased by grade and then processed for onward sale to end-users.**

# ***COMPANY / PRODUCT HISTORY***

**We purchase and transport large quantities of commodities from various facilities across the UAE and sell these commodities to end-users /recycling companies, metal manufacturers, metal traders, stockists and wholesalers. We offer prompt payment, competitive pricing and come with a zero incident track record on site with a qualified HSE Engineer on each site. We handle everything from material inspections to port delivery. We supply large volumes of non-ferrous materials to foreign end-users.**

**We take pride in our commitment to a prompt and compliant delivery service. Our policies are to pick up material from your facility on time, every. Our transport coordinators will call to confirm deliveries/pickups and advise our customers when our deliveries/pickups are dispatched. We have established relationships with independent transport networks too. Our customers can also request to pick up their recyclables from any of their preferred locations; whichever is found to be the most effective and convenient for our customers. Our thorough and knowledgeable transportation department will make recycling easy for your business.**

**We pride ourselves on tailoring our services to your specific needs. Our solutions to efficiently manage your scrap metal, coupled with complete accuracy on the weights and grades of scrap metal will significantly benefit your company.**
